Base map information shown on this FIRM was provided in digital format by multiple agencies. The United States Census Bureau provided digital format of base transportation, dated 2013. Political boundaries were provided by the New Jersey Office of Information Technology, dated 2013. Laser Mapping Specialists, Inc. collected the LIDAR data between March and April of 2011. The New Jersey Office of Information Technology provided the ortho imagery for Burlington County, dated 2013.

LIMIT OF MODERATE WAVE ACTION: The AE Zone category has been divided by a Limit of Moderate Wave Action (LIMWA). The LIMWA represents the approximate landward limit of the 1.5-foot breaking wave. The effects of wave hazards between the VE Zone and the LIMWA (or between the shoreline and the LIMWA for areas where VE Zones are not identified) will be similar to, but less severe than those in the VE Zone.

COASTAL BARRIER RESOURCES SYSTEM (CBRS)

This map includes approximate boundaries of the CBRS for informational purposes only. Flood insurance is not available within CBRS areas for structures that are newly built or substantially improved on or after the date(s) indicated on the map.
